ANOTHER ATTEMPT AT SUICIDE.—Saturday night, about 11 o'clock, a man named Peter Ohlsen, a Dane, was found hanging by the neck by a strap of leather fastened to his headstaple at the Washington Hotel. He had evidently attempted self-destruction. He came down the Columbia river on Saturday, and with a friend put up at the Washington Hotel. During the evening the two were out together in the city. Ohlsen returning to the hotel and retiring to his room about 9 o'clock. His friend came in at 11 and found Ohlsen as above stated. He was still breathing, however, though with much difficulty, as the strap had nearly completed the work of suffocation. The alarm being given and aid procured, the man was taken to the office of Dr. Schale, where he received medical attention. No cause for the attempted self-destruction is known, though it is the opinion that he was suffering from partial insanity. His conduct while on the way down the Columbia is spoken of as somewhat singular. He had with him about \$650.

SERIOUS ACCIDENT.—Yesterday morning about 8 o'clock, Mr. Owens, the first officer of the ship Montgomery Castle, was playing on the middle deck with a child, six months old, belonging to Captain Hughes. In attempting to go down the hatchway, to the lower deck, he missed the first round of the ladder and fell into the lower hold, twenty feet beneath, falling on the back of his head. That he should fall in this position seems strange, when his impetus was forward, but his efforts to save the child, doubtless, caused him to change his posture in falling. Mr. Owens was so severely injured, that Mr. Dickson, his attending physician, thinks he cannot recover, though supposes it probable. The child fell on his breast, and was not injured in the least.—Herald.

SERIOUS ACCIDENT.—We are informed by Dr. Hamilton that Mr. John Fullerton, of Canyonville, met with a very serious accident, at the residence of Mr. Shirls, near that place, on Tuesday last. He was painting on a scaffold about 25 feet high, and is supposed to have stepped too far back, and fell to the ground breaking both bones of the leg below the knee, and sustaining very serious injuries on the back of the head. Dr. Hamilton was summoned and re-set the broken limb, and dressed his wounds. Although his injuries are of a serious character the Dr. assures us that they are not necessarily fatal. At last account she was doing well.

The Journal of Education for November comes to us enlarged to nearly the size of Harper's Weekly. We rejoice with all others interested in the cause of education, in these substantial evidences of interest and progress. It is ably edited, and elegantly printed. Its circulation is now over six thousand copies per month, and aids materially every teacher and school officer in the West and South in their work. Webster's Unabridged Dictionary is offered as a premium for twelve subscribers. J. B. Merwin is the Editor and Publisher, 710, Chestnut Street, St. Louis, Mo.

REVIVAL IN VANCOUVER.—The revival meetings which have been held at the Methodist Church in Vancouver for the last four weeks, under the Pastoral care of the Rev. T. A. Wood, will continue through the present week. So far 65 have united with the Church. The sacrament of baptism will be administered next Sunday.—Bulletin.

Miscellaneous.

A young wife at Glenn's Falls, only 15 years old, and only married 3 months, endeavored to commit suicide because her young husband couldn't support her.

There is a servant girl in Evansville, Ind., who works for the pure love of it. She is 16 years old, and owns real estate worth \$50,000. So reports a census marshal.

SUICIDE.—On last Sunday, a daughter of Henry Smith, Wolf Creek, Josephine county, aged about 18 years, committed suicide by blowing out her brains with a pistol.—Sentinel.

The other day two young girls of Carlinville, Ill., hounded their drunken father hand and foot and so kept him two days. They finally released him on his promising to join the Sons of Temperance.

FOR THE FRONT.—The Southern bound train this morning had 11 car loads of ties and lumber for operation between Jefferson and Albany. Two loads of rails, with bolts and fishbars, went up on Sunday morning's train. Everything betokens activity at the front.—Bulletin.

One Doctor Duncan received a severe injury from something in the shape of cuskwin some where in the neighborhood of Cincinnati. "Where are you hurt Doctor?" said a friend. "Was it near the vertebrae?" "No, no!" said the disciple of Galen; "it was near the race course."

The mother of a dry goods clerk in Detroit, locked him up in his room on the morning of his wedding day—Tuesday last—and refused to let him out. The bride called around to hunt up her Lord, and after talking to him through the keyhole, went home sad and disconsolate.

ARM BROKEN.—On Thursday evening a little son of Mr. A. W. Barnes had his left arm broken, just below the elbow joint, by falling from a wood pile upon which he was playing. Dr. Palmer set the fractured bone, and he informs us that the little fellow is getting along as well as could be expected.

A New York paper tells how a voter in that town "received a barrel of flour" on election day, and straightway hurried to the polls and voted for the candidate who, he supposed sent it. He made a mistake in that supposition, and went home, opened the barrel, and found it filled with sand.—Post.

A citizen of Massachusetts, who is afflicted with an unconquerable love of strong drink, has published the following advertisement in the papers. Notice to Liquor Sellers! I hereby forbid all liquor and beer sellers giving or selling me any liquor or beer, if they do they may consider themselves responsible, because at another time I shall take legal proceedings against them.

MONTANA.—Advices from the north say a desperate battle was fought between the Grosventres and Assinibones, against the Bloods and Piegiars, near the boundary line. The latter were defeated, losing nine killed. Later in the day, the Bloods and Piegiars, joined by 20 white men, encamped in the neighborhood, attacked the Grosventres and Assinibones, and killed all except one, who was allowed to escape to tell of the disaster. The number of Grosventres and Assinibones killed was about 100.—Oregonian.

REAL ESTATE SALES.—The following sales of lands in Linn county, during the past few days, will give an idea of real estate values: J. Nixon sold 93 80 100 acres to J. Guiondorfer for the sum of \$2,345—about \$25 per acre. The same gentleman sold to S. Conn 80 acres for \$2,000—\$25 per acre. J. Lafollette to J. A. Bitch, 107 acres; consideration, \$2,000. J. A. Pennebaker to C. Lemen and R. Touzer, 160 acres for \$2,080. Reason McConnell to N. Overholser, 204 acres for the sum of \$3,000.

The Prussians have adopted a novel means of enforcing the return of all residents of the Province of Lorraine who have gone elsewhere. The Governor General has announced the families of all male citizens absent from their homes after a certain date, will be fined fifty francs per day, as long as that absence continues. It is also stated that the Prussians continue to force the most eminent citizens living on the railway lines to ride upon the locomotives, in order to prevent accidents to the trains.

A deputy sheriff in Keen, N. H., had a habit, when anything occurred to him which he had forgotten to take of quickly raising his right hand with the forefinger extended, and prefacing his remarks with the exclamation: "By the way." It being once his duty as a deputy to give notice of the opening of the Court, he began: "Hear ye! all persons having any thing to do before the Court of Common Pleas, draw nigh, give your attention, and ye shall be heard." Here he sat down, but remembering that he had forgotten the finishing touches, instantly rose and exclaimed: "By the way, God save the State of New Hampshire!"

A Railroad Man Ahead of Railroads.

It is generally understood throughout Polk County that I am selling goods from 25 to 50 per cent cheaper than any other Store this side of Portland. Now I do not offer this as an advertisement, but simply as an explanation. When we have a Railroad from Portland South on the West Side of the River, it will open up a new era for the citizens of the counties through which it will pass. Every man can take his wife, leave the children with their uncle, go to Portland and gather up a full list of supplies, at a very trifling expense, and at a figure far below country prices, providing there were not merchants through the country up with the times. But there will be plenty of live men in the arena. All the old fogies will have to give way, buy themselves a little farm, and retire to quiet life. This is not sarcastic, but downright truth, as history of the past proves. And I expect those that are now little children will relate to their children in time hereafter how that, in the olden time, over there, on the hill just across Salt Creek, at Ed. Cluff's old Store House, M. M. Ellis inaugurated the new practice of selling goods at Portland prices, and paid the freight himself. Come and see me. You shall be entertained in a first class manner, with first class goods.

ADDRESS

—TO THE—  
Nervous and Debilitated  
WHOSE SUFFERINGS  
HAVE BEEN

Protracted from Hidden Causes,  
AND WHOSE CASES REQUIRE

PROMPT TREATMENT  
to render Existence Desirable.

If you are suffering or have suffered, from involuntary discharges, what effect does it produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys frequently get out of order? Is your urine sometimes thick, milky or sticky, or is itropy on settling? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Do you feel constantly dwelling on this subject? Do you feel dull, listless, mooping, tired of company, or life? Do you wish to be left alone, to get away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? Do you bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Are your spirits dull and flagging, given to fits of melancholy? Do you feel as much confidence in yourself? If so do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia, or liver complaint?

NOW, READER,  
self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, MAKE THE MAN.

Did You Ever Think

that those bold, defiant, energetic, persevering successful business men, are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, or palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you up as them right in the face—none of your downcast looks or other meanness about them. I do not mean those who keep the organs inflated by running to excess. These will not only

RUIN THEIR CONSTITUTIONS,  
but also those they do business with or for.

How many men, from badly cured diseases, from the effects of self abuse and excesses, have brought about this state of weakness in those organs that has reduced the general system so much as to induce almost every other disease—

IDIOTCY,  
LUNACY,  
PARALYSIS,

spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected, and have doctored for all but the right one.

Diseases of these organs require the use of a Diuretic.

Helmbold's  
Fluid Extract  
BUCHU  
is the great Diuretic, and is a certain cure for disease of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter how long standing.

If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.

PERRAULT HAS THE PLEASURE to inform patients and others seeking confidential medical advice that he can be consulted daily at his office, Armory Hall Building, North East corner of Montgomery and Sacramento streets, San Francisco, Rooms Nos. 9, 10, 11, first floor, up stairs, entrance on either Montgomery or Sacramento streets. Dr. Perrault's studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the result of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists, involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that a premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruits tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or make water, Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded, and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are weakened, and sleep disturbed by dreams; melancholy, sighing, palpitation, fainting, coughs and slow fevers; while some have external rheumatic pain, and numbness of the body. Such are the most common symptoms are pimples in the face, and itching in different parts of the body. Patients suffering from this disease should apply immediately to Dr. Perrault, either in person or by letter, as he will guarantee a cure of Seminal Emissions and Impotence in six or eight weeks.

Patients suffering from venereal disease in any stage, Gonorrhoea, Gleet, Strictures, Bubo, Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

Dr. Perrault's diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic disease can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor and that advertised physician till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor with the assurance of relief.

Persons at a distance can be cured at home, by addressing a letter to Dr. Perrault, corner of Sacramento and Montgomery streets, Rooms 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.
